Detention Day Rate Schedule

Updated: 1 January 2021

Container Detention is calculated from either of;

- The day the container is discharged from the vessel at the terminal; or
- The first day of availability at the terminal.

Container Detention only stops when the container has been de-hired to the empty container yard nominated by the shipping line. The charges for Container Detention levied by the various shipping lines are set out in the schedule below, which includes;

- Which day is used to calculate when the “free” days start;
- The number of “free” days.
- The daily rate charged for container detention after the end of the “free” days.
